

Swim Club!!!

We have some exciting news!

The Swim Club Connect app has been developed to ease the burden on volunteers and engage swimmers. We will be using this app to enter and run our club nights. So please download the app, create a swimmer profile and nominate in the relevant events!!!

Step 1 - Download the App Mac OS:

<https://apps.apple.com/au/app/swim-club-connect-meet-manager/id1577698315>

Android:

<https://play.google.com/store/apps/details?id=com.swimclubconnect.myswimclub2>

Step 2 - Create your profile and Join the club **Novocastrian Swimming Club**

- Membership code for our club is 2282

Step 3 - Create your swimmer profiles by clicking the swimmers page and then “+swimmer”.

Step 4 - Nominate in club night by clicking the meets page and selecting the club night to access events

Step 5 - Turn up, try your best, have fun and watch the results come through live on your phone!!

Time Keeping and Marshalling: You will use your phone (It's super easy!). Please make sure your phone is charged and ready to go.

Please note: This is the first time using the app - the heats will be seeded on age instead of times, which might make the first meet seem a little out of whack. Once each swimmer has a time saved into the app, the heats going forward will be arranged based on times.

Please explain this to your kids for the first time when you nominate through the app, so that they understand why they may not be swimming against people their own speed - it will self-regulate as we move forward with this method of nomination.
